Hinduism is an ancient religion that originated from the Indian subcontinent and Nepal in the Neolithic period. It is one of the . There are two main schools of Hinduism, the primary of which is Vaishnavism . The ritual known as the Saptā-Das (seven-dish) on Mahāvira's birthday, Angapravartana or Vasant Panchami as it is known in Hindu calendars, marks the beginning of the Hindu New year. The Hindu New Year is based on the . is an ancient religion that originated from the Indian subcontinent and Nepal in the Neolithic period. It is one of the . Origins of Hinduism . The spirit of the Hindu religion and the purpose of human existence is an object of the Hindu scriptures called the Vedas . A . A . For the first time in the history of mankind, people of different faiths have gathered in a single place and have prayed to the same God. This is the first time ever where the Hindus, the Christians, the Muslims, the Jews, the Sikhs, the Buddhists, the Parsees, the Jains, the Zoroastrians and all the others have come together in one place and have prayed to God. This is the history behind this beautiful event. It was in the year of 1627 that European scholars took an interest in the Hindu scriptures and tried to understand the richness and depth of these ancient texts. This led to the dawn of the 'Hindu Renaissance'. Sixty-two years later, the Dutch brought from Surat in India the first printing press to print in Europe. PDF Download for free. [www.hinduonnet.com/offers.htm](http://www.hinduonnet.com/offers.htm) Hinduism is a religion and an ethical system of conduct . Starting from a Vedic tradition, Vedic religion was developed from the influence of Shaktism, Vaishnavism, and Samkhya philosophies. Hindu philosophy has been divided into three main categories: yoga, jnana, and bhakti. The Hindu religion encompasses a vast pantheon of deities, myths, symbols, and sacred writings. Hindus follow a supreme being known as a supreme deity or,
